Unresolved decisions

- L1: seller decision required
- L2: seller decision required
- L4: seller decision required

- L5: seller decision required
- BASE: seller decision required

Comments and assumptions

- Base-suite quantity defaults to the largest renewal quantity because no core E3/E5/E7 source line identified the base-seat population.
- No existing standalone Copilot line was found; Copilot defaults to the base-suite quantity and remains independently editable.

- Confirm the proposed base-suite quantity.

Comments and assumptions

- Base-suite quantity defaults to the largest renewal quantity because no core E3/E5/E7 source line identified the base-seat population.
- The Outcome Sheet has no field proving that Copilot is included with ME7; Copilot is therefore not included or priced automatically.
